2027 adult and pediatric dental coverage

SMALL GROUP | WASHINGTON

As a Kaiser Permanente member, you have access to dental coverage through Delta Dental of Washington. The Basic Family plan includes adult coverage for members and their dependents 19 and older and mandated pediatric coverage for members or their dependents 18 and younger.

If you purchase the Delta Dental Basic Family plan, which includes pediatric and adult coverage, you fulfill the federal mandate to provide pediatric dental coverage. However, if you do not purchase the Basic Family plan, the medical plan will automatically be paired with a pediatric-only dental plan offered by Delta Dental to fulfill the federal mandate.

Please review this summary of benefits to get familiar with the Basic Family plan and refer to your Delta Dental benefits booklet for full details.

Extra dental benefit for members with qualifying conditions

Regular preventive care is especially important for people with certain health conditions. To help reduce the risk of potential problems, our adult plans include a special dental benefit for members 19 and older who are pregnant, managing heart disease, or living with diabetes.

- Members with these qualifying conditions can receive an extra dental cleaning and exam with a Delta Dental PPO Plus Premier™ provider each year, at no additional charge.
- Delta Dental of Washington will notify those who qualify for this extra benefit. Importantly, the member's specific diagnosis will remain confidential.
- This extra cleaning and exam doesn't apply to the annual maximum benefit or the dental plan's cleaning and exam limitations.

Visit a participating Delta Dental network dentist

To get the most from your benefits, we encourage you to see a participating dentist. These dentists contract with Delta Dental to provide services at discounted fees and file all claims for you. Dentists who are part of Delta Dental's networks will not charge more than their approved fees and cost you less than out-of-network dentists.

You may choose any licensed dentist to provide services under this plan. However, if you go to an out-of-network dentist, Delta Dental does not control the fees charged by dentists who are not in their networks. For services provided by these dentists, Delta Dental will pay either the dentist's actual charges or Delta Dental's maximum allowable fee for Non-Participating Dentists, whichever is less. The member is responsible for any remaining balance. Employees may be responsible for submitting their claims.
